5. Children/pupils/students use of mobile and smart technology

Behaviour in School: Advice for headteachers and school staff' states:

“Headteachers should decide if mobile phones can be used during the school day. Many pupils, especially as they get older, will have one of their own. Allowing access to mobiles in school introduces complexity and risks, including distraction, disruption, bullying and abuse, and can be a detriment to learning. Headteachers should consider restricting or prohibiting mobile phones to reduce these risks.

If headteachers decide not to impose any restrictions on mobile phones, they should have a clear plan to mitigate the risks of allowing access to phones. This plan, as part of the school's behaviour policy, should outline the approach to mobile phones and be

reiterated to all pupils, staff and parents throughout the school year. Headteachers should ensure it is consistently and fairly applied.”

The Rosewood School decisions:

- Children/pupils/students will be educated regarding the safe and appropriate use of mobile and smart technology, including mobile phones and personal devices, and will be made aware of behaviour expectations and consequences for policy breaches.
- Safe and appropriate use of mobile and smart technology will be taught to children/pupils/students as part of an embedded and progressive safeguarding education approach using age-appropriate sites and resources. Further information is contained within our child protection and relevant specific curriculum policies for RSE and will also feature in our breakfast morning PSHE sessions.
- Personal mobile or smart technology devices is permitted on site for children/pupils/students.
 - Children/pupils/students are permitted to use personal mobile or smart devices whilst on The Rosewood School sites. In addition, pupils can use these devices while travelling in their KCC taxis from home to school and school to home. Devices should be turned off/placed on silent and handed into the The Rosewood School screening staff as they enter the building in the morning. They will then be returned at the end of day.
 - Pupils have the opportunity to use their personal mobile or smart technology during break and lunch – pupils will have to achieve a positive score on their engagement sheet to have their phone during these periods. Devices will be issued to those with positive engagement sheets and collected again at the end of break and lunch. Any use must be in accordance with our anti-bullying and behaviour policy. If pupils breach our policies, this may be revoked. Pupils will not be able to use their phones at break or lunch in areas that are unsupervised such as the school toilets, on entering a toilet their phone must be handed over.
 - Personal mobile or smart devices will not be used by children/pupils/students during lessons or formal educational time, unless as part of an approved and directed curriculum-based activity with consent from a member of staff.
 - The use of personal mobile or smart devices for a specific education purpose does not mean that blanket use is permitted.
 - Staff will only allow children/pupils/students to use personal mobile or smart devices as part of an educational activity, following a risk assessment, with approval from the Leadership Team.
- The Rosewood School expects children/pupils/students' personal mobile or smart technology devices to be kept safe and secure when on site.

This means:

- **Devices will be kept in reception, which is a secure place.**
- If a child/pupil/student needs to contact their parents or carers whilst on site, they will be allowed to use The Rosewood School phone.

- Parents are advised to contact their child via the The Rosewood School office; exceptions may be permitted on a case-by-case basis, as approved by the HoS.
- If a child/pupil/student requires access to personal mobile or smart technology devices in exceptional circumstances, for example medical assistance and monitoring, this will be discussed with the HoS prior to use being permitted.
 - Any arrangements regarding access to personal mobile or smart technology devices in exceptional circumstances will be documented and recorded in CPOMs (electronic safeguarding system) by the The Rosewood School.
- Where children/pupils/students' personal mobile or smart technology devices are used when learning at home, this will be in accordance with our Acceptable Use Policy and Remote Learning AUP.
- Personal mobile or smart technology devices must not be taken into examinations. Children/pupils/students found in possession of a mobile phone or personal device which facilitates communication or internet access during an exam will be reported to the appropriate examining body. This may result in the withdrawal from either that examination or all examinations.

6.1 Searching, screening and confiscation of electronic devices

- Electronic devices, including mobile phones, can contain files or data which relate to an offence, or which may cause harm to another person. This includes, but is not limited to, indecent images of children, pornography, abusive messages, images or videos, or evidence relating to suspected criminal behaviour.
- Where there are any concerns regarding children/pupils/students' use of mobile or smart technology or policy breaches, they will be dealt with in accordance with our existing policies, including anti-bullying, child protection, online safety and behaviour.
- Staff may confiscate a child's/pupils/students' personal mobile or smart technology device if they believe it is being used to contravene our child protection or behaviour policy.
- Personal mobile or smart technology devices that have been confiscated will be held in a secure place and released to parents/carers at a mutually agreed and convenient time.
- Where a concern involves a potentially indecent image or video of a child, staff will respond in line with our child protection policy and will confiscate devices, avoid looking at any content, and refer the incident to the Designated Safeguarding Lead (or deputy) urgently as they will be most appropriate person to respond.
- If there is suspicion that data or files on a child/pupils/student's personal mobile or smart technology device may be illegal, or may provide evidence relating to a criminal offence, the device will be handed over to the police for further investigation
- If deemed to be necessary and appropriate, searches of personal mobile or smart technology devices may be carried out in accordance with our behaviour policy and the DfE [‘Searching, Screening and Confiscation’](#) guidance. The headteacher or a member of staff

authorised by the headteacher can carry out a search and examine any data or files on an electronic device confiscated as a result of a search, if there is good reason to do so. This would be where they have reasonable grounds for suspecting the device or content on the device poses a risk to staff and/or pupils, is prohibited, or identified in the school's behaviour policy for which a search can be made or is evidence in relation to an offence.

- The headteacher can authorise individual members of staff to search for specific items, or all items set out in the school's behaviour policy.
- Staff will respond in line with our child protection policy and follow the most appropriate safeguarding response if they find images, data or files on a pupil's electronic device that they reasonably suspect are likely to put a person at risk.
- The Designated Safeguarding Lead (or deputy) will always be informed of any searching incidents where authorised members of staff have reasonable grounds to suspect a pupil was in possession of prohibited items, as identified in our behaviour policy
- The Designated Safeguarding Lead (or deputy) will be involved without delay if staff believe a search of a pupil's personal mobile or smart technology device has revealed a safeguarding risk.
- In exceptional circumstances and in accordance with our behaviour policy ([link](#)) and the DfE '[Searching, Screening and Confiscation](#)' guidance, the headteacher or authorised members of staff may examine or erase data or files if there is a good reason to do so.
 - In determining whether there is a 'good reason' to examine images, data or files, the EHT or HoS will need to reasonably suspect that the images, data or files on the device has been, or could be used, to cause harm, undermine the safe environment of the school and disrupt teaching, or be used to commit an offence.
 - In determining whether there is a 'good reason' to erase any images, data or files from the device, the member of staff should consider whether the material found may constitute evidence relating to a suspected offence. In those instances, the data or files should not be deleted, and the device must be handed to the police as soon as it is reasonably practicable.
 - If the data or files are not suspected to be evidence in relation to an offence, the EHT or HoS staff may delete the images, data or files if the continued existence of the data or file is likely to continue to cause harm to any person and the pupil and/or the parent refuses to delete the data or files themselves.
- If the EHT or HoS finds any data or files that they suspect might constitute a specified offence, they will be delivered to the police as soon as is reasonably practicable.

6. Visitors' use of mobile and smart technology

- Parents/carers and visitors, including volunteers and contractors, are expected to ensure that:
 - Personal mobile or smart technology is used appropriately
 - Visitors, including volunteers and contractors, who are on site for regular or extended periods of time are expected to use mobile and smart technology in accordance with our acceptable use of technology policy and other associated policies, including child protection.
