# Acceptable Use of Technology for Staff, Visitors and Volunteers Sample Statements

## Staff Acceptable Use of Technology Policy (AUP)

As a professional organisation with responsibility for safeguarding, all members of staff are expected to use TRS IT systems in a professional, lawful, and ethical manner. To ensure that members of staff understand their professional responsibilities when using technology and provide appropriate curriculum opportunities for children/pupils/students, they are asked to read and sign the staff Acceptable Use of Technology Policy (AUP).

Our AUP is not intended to unduly limit the ways in which members of staff teach or use technology professionally, or indeed how they use the internet personally, however the AUP will help ensure that all staff understand TRS expectations regarding safe and responsible technology use and can manage the potential risks posed. The AUP will also help to ensure that TRS systems are protected from any accidental or deliberate misuse which could put the safety and security of our systems or members of the community at risk.

### Policy scope

1. I understand that this Acceptable Use of Technology Policy (AUP) applies to my use of technology systems and services, either provided to me by TRS or accessed by me as part of my role within TRS professionally and personally, both on and offsite. This may include my use of devices such as laptops, mobile phones, tablets, digital cameras, as well as IT systems and networks, email, data and data storage, remote learning systems and communication technologies.
2. I understand that TRS Acceptable Use of Technology Policy (AUP) should be read and followed in line with TRS child protection staff, code of conduct and remote/online learning AUP.
3. I am aware that this AUP does not provide an exhaustive list; all staff should ensure that technology use is consistent with TRS ethos, TRS staff behaviour and safeguarding policies, national and local education and child protection guidance, and the law.

### Use of TRS devices and systems

4. I will only use the equipment and internet services provided to me by TRS for example TRS provided laptops, tablets, mobile phones and internet access, when working with children/pupils/students.

5. I understand that any equipment and internet services provided by my workplace is intended for education purposes and/or professional use and should only be accessed by members of staff. Reasonable personal use of setting IT systems and/or devices by staff is allowed; but this use is at TRS's discretion and can be revoked at any time. The SLT and inclusion managers all have work mobiles, this is due to the multi-site setting. In addition this includes the operations manager who is responsible for social media communications, this enables staff to maintain a positive work-life balance by allowing them to be more efficient without the handling of multiple devices. TRS staff are aware of procedures to support their own well-being outside of work hours. TRS was accredited for Well-being in 2022 and holds this award for 3 years.
6. Where I deliver or support remote/online learning, I will comply with TRS remote/online learning AUP.

## **Data and system security**

7. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or securing/locking access.

and mobile phones. Where possible, I will use TRS learning platform to upload any work documents and files in a password protected environment.

## Wi-Fi Acceptable Use Policy

As a professional organisation with responsibility for children's safeguarding it is important that all members of TRS community are fully aware of TRS boundaries and requirements when using TRS Wi-Fi systems and take all possible and necessary measures to protect data and information systems from infection, unauthorised access, damage, loss, abuse and theft.

This is not an exhaustive list, and all members of TRS community are reminded that technology use should be consistent with our ethos, other appropriate policies, and the law.

1. TRS provides Wi-Fi for TRS community and allows access for education use only.
2. I am aware that TRS will not be liable for any damages or claims of any kind arising from the use of the wireless service. TRS takes no responsibility for the security, safety, theft, insurance, and ownership of any device used within TRS premises that is not the property of TRS.
3. The use of technology falls under TRS Acceptable Use of Technology Policy (AUP), online safety policy and code of conduct, child protection policy, which all children/pupils/students /staff/visitors and volunteers must agree to and comply with.
4. TRS reserves the right to limit the bandwidth of the wireless service, as necessary, to ensure network reliability and fair sharing of network resources for all users.
5. TRS owned information systems, including Wi-Fi, must be used lawfully; I understand that the Computer Misuse Act 1990 makes the following criminal offences: to gain unauthorised access to computer material; to gain unauthorised access to computer material with intent to commit or facilitate commission of further offences or to modify computer material without authorisation.
6. I will take all practical steps necessary to make sure that any equipment connected to TRS service is adequately secure, such as up-to-date anti-virus software, systems updates.
7. TRS wireless service is not secure, and TRS cannot guarantee the safety of traffic across it. Use of TRS wireless service is done at my own risk. By using this service, I acknowledge that security errors and hacking are an inherent risk associated with any wireless network. I confirm that I knowingly assume such risk.
8. TRS accepts no responsibility for any software downloaded and/or installed, email opened, or sites accessed via TRS wireless service's connection to the internet. Any damage done to equipment for any reason including, but not limited to, viruses, identity theft, spyware, plug-ins or other internet-borne programs is my sole responsibility; and I indemnify and hold harmless TRS from any such damage.
9. I will respect system security; I will not disclose any password or security information that is given to me. To prevent unauthorised access, I will not leave any information system unattended without first logging out or locking my login as appropriate.

- 10. I will not attempt to bypass any of TRS security and filtering systems or download any unauthorised software or applications.
- 11. My use of TRS Wi-Fi will be safe and responsible and will always be in accordance with TRS AUP and the law including copyright and intellectual property rights. This includes the use of email, text, social media, social networking, gaming, web publications and any other devices or websites.
- 12. I will not upload, download, access or forward any material which is illegal or inappropriate or may cause harm, distress or offence to any other person, or anything which could bring TRS into disrepute.
- 13. I will report any online safety concerns, filtering breaches or receipt of inappropriate materials to the Designated Safeguarding Lead (T Hamer) as soon as possible.
- 14. If I have any queries or questions regarding safe behaviour online, I will discuss them with Designated Safeguarding Lead (T Hamer) or the HoSs
- 15. I understand that my use of TRS Wi-Fi may be monitored and recorded to ensure policy compliance in accordance with privacy and data protection legislation. If TRS suspects that unauthorised and/or inappropriate use or unacceptable or inappropriate behaviour may be taking place, then TRS may terminate or restrict usage. If TRS suspects that the system may be being used for criminal purposes, the matter will be brought to the attention of the relevant law enforcement organisation.

**I have read, understood and agreed to comply with TRS Wi-Fi Acceptable Use Policy.**
