

## **Policy statement on Provider Access**

### **The Rosewood School**

#### **Introduction**

This policy statement sets out the schools arrangements for managing the access of providers to pupils educated within the service for the purpose of giving them information about the provider's education or training offer. This complies with the service's legal obligations under Section 42B of the Education Act 1997.

The Rosewood School provides pupils with wide-ranging health needs access to education, on a short-term basis. Ensuring continuity of education, through inclusion and support. This service operates from 1 residential unit (Oakfields) and from 4 schools. Advice and guidance is provided to services on working with pupils with mental health and physical health needs. Pupils are supported with their education in one of the specialist schools either full or part time. These are short term placements, typically no more than 8- 10 weeks and are provided as part of a supported reintegration programme. Access to the E-learning platform and tuition in the service setting is also possible.

#### **Pupil entitlement**

All pupils in years 8-13 are entitled to:

- find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;
- hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;
- understand how to make applications for the full range of academic and technical courses.
