

Policy statement on Provider Access

The Rosewood School

Introduction

This policy statement sets out the schools arrangements for managing the access of providers to pupils educated within the service for the purpose of giving them information about the provider's education or training offer. This complies with the service's legal obligations under Section 42B of the Education Act 1997.

The Rosewood School provides pupils with wide-ranging health needs access to education, on a short-term basis, ensuring continuity of education, through inclusion and support. The school; operates from 1 residential unit (Staplehurst) and from 2 schools (Canterbury and Leybourne) Access to The Rosewood School's remote learning offer is also possible, in exceptional circumstances. The school accepts referrals for primary (remote learning only) and secondary aged pupils.

The Rosewood School provides several interventions including education via one of the schools, remote learning, and outreach support (to re-engage with mainstream education or join a TRS school). Education is also provided to pupils who have been admitted to NHS inpatient services, via the site in Staplehurst.
