

Wellbeing Award for Schools

It is with huge pride that we can announce that The Rosewood School has been awarded *The Wellbeing Award for Schools*.

The Wellbeing Award helps schools to equip themselves with strategies to promote emotional wellbeing and positive mental health across the whole school community.

This award has been developed in partnership with the National Children's Bureau and their vision is 'an education system where good emotional wellbeing and mental health are at the heart of the culture and ethos of all schools, so that pupils, with the support of their teachers, can build confidence and flourish'.

We are pleased that the Rosewood School has been acknowledged for its efforts in improving wellbeing for all our stakeholders and we will continue to ensure that wellbeing for all remains a central focus for our whole school.

Testimonials

I would like to take this opportunity to thank each and every member of TRS for their dedication, competence and kindness. I am very grateful for everything the school does to support S. The Staff are diligent and nurturing and their hard work, unquestionably, is having a positive impact on S's life - not only on an academic but also on an emotional wellbeing level. Thank you to all members of Staff - keep up the good work as you do make a difference!

I just want to say it has been an absolute pleasure to have been part of your school. I have had a lot of ups and downs and coming to education has been an experience, making things, cooking, creating menus, completing awards, it has been so good. I will miss you all.
